■ *Pay-as-you-drive insurer Coverbox is providing car-sitting for parents who take a holiday but leave their grown-up kids in charge of the family home, enabling mum and dad to monitor the movement of their cars from any internet access point.*

“Every Coverbox policyholder can monitor their car’s movements from anywhere in the world anyway – and parents can log on to the Coverbox site from mobiles or PDAs and see whether it has been driven, when it was driven, and how far,” said Sandy Dunn of Coverbox.
